Emily R Yutzy, CL
601 Regent Park Ct.
Greenville, SC 29607

Dear Toastmaster Yutzy,

Congratulations! By completing the *Competent Leadership* manual, you have earned recognition as a Competent Leader (CL) and gained valuable leadership skills that will benefit you in many aspects of your life.

Critical thinking, time management, planning and implementation, organizing and delegating, facilitation, motivating people and team building are just a few of the skills you have developed as you completed the 10 projects in this manual. You can develop your leadership skills even more by working toward the next level in Toastmasters' leadership track, the Advanced Leader Bronze award. This award requires you to serve as a club officer, participate in the preparation of a Club Success Plan and participate in district -sponsored club officer training, and conduct two programs from The Successful Club Series and /or The Leadership Excellence Series. You will gain even more experience in building and leading a team.

Of course, at the same time you may work in the communication track if you are not already doing so. More information about both the communication and leadership tracks is enclosed.

I hope you will continue to participate in the Toastmasters program, and that you will meet whatever goals you set for yourself inside and outside of your club.

Sincerely,

Daniel Rex
Chief Executive Director
